# PARTNERSHIP FOR A CAUSE

Turnkey Enterprises, LLC and the EMS Council of New Jersey (NJSFAC) have partnered together to support the Council and individual squad's fundraising needs.

Turnkey's fundraiser program has been supporting non-profit organizations since 2006. We collect clothing donations by teaming with organizations such as yours. The clothing we collect is used as clothing, not cut into rags. Turnkey will pay your organization for every pound of clothing collected from your donation shed every month.

We currently support over 250 locations, including more than 150 Fire and EMS in New Jersey, Pennsylvania and Maryland.

- Turn your community's used clothing into a residual fundraiser for your squad.
- Sponsors average **\$100 to \$200** per month.
- 8x10 donation sheds are installed at no cost to the sponsor.
- Sheds conform to all local ordinances.
- Pickups are made weekly.
- Turnkey will make an additional monetary donation to the Council for every squad that participates in our Program.

Contact us today find out how to start the easiest fundraiser your organization will ever have. Reference this flyer to support the NJSFAC.
